

BUSHVILLE, (Genesee Co.), N. Y.

See Batavia

BYRON, N. Y.

HOW TO USE THE DIAL TELEPHONE

BYRON CALLS

1. Obtain the number from the directory. For example, 235.
 2. Remove the receiver and listen for dial tone — a steady humming sound.
 3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
 4. Raise your finger and without touching the dial allow it to return to its original position.
 5. Then dial the figures "3" and "5".
- Listen for the RINGING SIGNAL, an intermittent burring sound indicating the called telephone is being rung.
- If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.
- If the party you are calling does not answer after several attempts, dial "Operator" and ask whether the number has been changed or disconnected.
- For ASSISTANCE on local calls dial "Operator".

ALL OTHER CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

For OUT OF TOWN, INFORMATION OR REPAIR SERVICE CALLS, dial "Operator."

TO PARTY LINE USERS

ALWAYS LISTEN BEFORE STARTING TO DIAL TO BE SURE THAT THE LINE IS NOT IN USE.

To call another party on your line, dial the telephone number. After dialing the second digit, a "busy signal" will be heard. Continue by dialing the third (last) digit and then replace your receiver. Your telephone bell, as well as that of the called party, will ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, lift your receiver for a short period and then replace it.
